

At Zuu, we have found the most accurate sizing method is to rely on the athletes measurements. By doing so you can accurately select the right size clothing item, taking the guess work out of the sizing. Our clothing is designed to fit snugly to allow your little athlete to perform at their peak, responding to the needs of gymnastics and cheer.

## How to Measure

The aim of measuring is to select the right size for your little athlete.

### **CHEST**

Arms down, measure around the fullest part of the chest.

### **WAIST**

Measure around the waist at the navel.

### **HIP**

Measure around the fullest part of the buttocks.

## Size Chart Centimetres

Refer to the sizing chart below to determine which size best reflects the measurements. Don't add centimetres to allow for growth this will distort the correct size. If your athlete falls between two sizes select the larger size.
